Peace in Christ!

Ecumenical Horeb, is a spiritual group (Private Association of the Faithful) approved by the Roman Catholic Church, the men and women belonging to different social and religious (priests, laity, religious etc) looking to live the spirituality of Blessed Charles de Foucauld in a special way from the size of the "desert", in solitude, prayer, hospitality, spiritual discernment and study in their own Nazareth to extend the Kingdom of God, the intercession ecumenical and commitment to justice.

The members are from different countries and we have no physical place of meeting. But we are "men and women scattered throughout the world, since their particular jobs in society sow the good news of the gospel in the most confidential manner, or like our bylaws say:

Ecumenical Horeb-Charles de Foucauld is a "private association of the faithful", while not a fraternity, forming a network of isolated, "an invisible monastery", united in the communion of saints and fraternal friendship, within the family spiritual brother Charles de Foucauld, whose association was founded in Beni-Abbes (Algeria) in 1955.

"You have to scream the Gospel with life: All our life, quieter it is, the life of Nazareth, desert life, both as public life, should be a gospel preaching by example, all our existence, our whole being should scream the Gospel on the roofs our whole person must breathe Jesus, all our actions, all our lives, should shout that we belong to Jesus, we must present the image of evangelical life, our whole being must be a preaching alive, a reflection of Jesus, something that screams "Jesus" , who do see Jesus, who shines as the image of Jesus. "
